SUPERIOR PERFORMANCE

The Wilden® FIT metal pump sets the new standard for pump performance. This pump provides superior flow rates, is easy to maintain, and increases plant profitability beyond any other air-operated double-diaphragm (AODD) pump on the market.

NO REPIPING

The FIT pump is a direct replacement for Wilden pumps in the field and many competitors.

REDUCE DOWNTIME

The FIT has the fewest fasteners compared to other pumps and a single socket design to reduce downtime making it easy to assemble/disassemble.

FIT | The Best Performing AODD Pump in the World

With superior flow rates, the Wilden FIT metal pump can be used in place of some of the larger competitor AODD pumps. This can reduce initial purchase price, cost of primary wear parts and lower accumulating energy costs substantially.

Direct replacement for the following and does not require any repiping.
